Dear Colleagues,
The Geo-Institute Graduate Student Society (GIGSS) Seminar Series presents Dr. Stan Boyle, Vice President of Shannon & Wilson, discussing the Emergency Repairs to the Beartooth Highway, Red Lodge, Montana.

The presentation is Wednesday, January 30th on the University of Washington Campus in More Hall, Room 221 at 5:00 PM

The flyer is attached. You can contact Tyler Stephens, this years GIGSS President, at tjs9@u.washington.edu for more information.

Thank you

Jeff
